- ✔ Outdoor sports facilities
- ✔ Science exploration corner
- ✔ Music and movement room

## School Group:

**Taiko Team**

**Wushu Team**

## School Features:

### Play-Based Learning

We believe that play is the natural way for children to learn and explore. Our curriculum is designed to incorporate various play activities that promote cognitive, physical, and emotional development.

### Individualized Attention

Every child is unique, and we understand the importance of personalized learning. Our small class allow our teachers to focus on each child's strengths and areas of growth, ensuring they reach their full potential.

### Holistic Development

Our curriculum is well-rounded, besides academics, arts, physical education, and social skills. We aim to develop well balanced individuals who are confident and capable of facing challenges.

### Engaging Learning Environment

Our classrooms are vibrant and interactive spaces that encourage children to explore, question, and collaborate with their peers. We strive to create a positive and safe atmosphere where learning is enjoyable.
